- English (Fluent)
- Hindi (Fluent)
- Marathi (Intermediate)

PROFILE

Motivated and detail-oriented Computer Engineering graduate with strong foundations in programming, algorithms, and problem-solving. Passionate about applying technical knowledge to real-world projects and developing innovative solutions.

WORK EXPERIENCE

Trainee Web Developer Intern

iDiligence Solutions Pvt. Ltd., Aurangabad

JUNE 2024 - JULY 2024

- Designed and developed an Office Attendance Management System with features like employee login, attendance marking, and automated reports.
- Worked on frontend and backend integration using HTML, CSS, JavaScript, PHP, and MySQL.

PROJECTS

KJSP Application

Role: Frontend Developer | Tools: Flutter, FlutterFlow, Firebase

- Worked as a Frontend Developer to design and implement the user interface of a mobile application for K. J. Somaiya Polytechnic.
- Built key modules such as the student dashboard, timetable, notice board, results, and to-do list, ensuring a clean and responsive design.

Hospital Management Website

Role: Developer | Tools: PHP, MySQL

- Created a web-based hospital management system to handle patient registration, doctor appointments, billing, and medical records.
- Designed responsive pages using PHP and integrated MySQL for database management, ensuring smooth access and secure storage of hospital data.
